

2022 WISCONSIN FARMERS UNION SCHOLARSHIP APPLICATION

National Farmers Union Women's Conference

Wisconsin Farmers Union is offering scholarships for members to attend the National Farmers Union Women's Conference, set for November 6-8 in Nashville, Tennessee.

Farming is never a one-woman job – it takes a village to run a successful operation. The 2022 NFU Women's Conference will not only focus on the concept of agricultural community building, but will also provide attendees with their own network of women farmers and ranchers they can reach out to throughout the year. Farmers, educators, and specialists will present on marketing, USDA programs, leadership, farming with family, cooperatives, and more. This event is gender-inclusive—trans and nonbinary participants are welcome to attend! Learn more about the event at nfu.org/womensconference/

WFU scholarships cover registration and select other costs. First time-attendees preferred, but all interested members are welcome to apply. Please indicate on the scholarship if you have attended previously. A limited number of scholarships are available. Women's Conference is exclusive to Farmers Union members. Not a member yet? Join today!

Scholarship Deadline: October 15, 2022
